Office: 808-487-7777. Fax: 808-487-6987

March 13, 2020

Aloha Valued Menehune Water Customers,

The health of our customers and employees are of utmost concern to us. We are closely monitoring the coronavirus (COVID-19) situation and are taking all precautions to ensure your safety.

We will continue to adhere to the strict sanitary guidelines that we follow in our daily production operations which include wearing a mask, gloves, hair cover and disposable scrubs. We are approved by the FDA as well as audited and approved by the U.S. Military. Our production facilities are cleaned and sanitized regularly.

Effective immediately, we will be taking extra precautions for the safety of everyone. We now require a 6-foot radius between the driver and customer during all deliveries.

As always, we are committed to our customers and our community and have a large supply of ultra-pure water for emergency situations. Please contact us at least 2 business days prior to your scheduled delivery if you need to increase your order. The Department of Health recommends a 14-day supply of food and water.

We want to thank you for putting your trust in us and choosing us as your water service provider. Menehune Water will be working hard to continue to support you and your ohana.

Mahalo,

A handwritten signature in black ink that reads "Ken Simon".
